Dear Daddy.

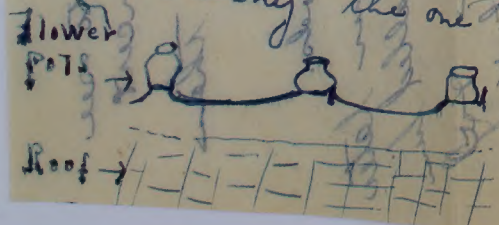

Mother has just been talking to Helen. Helen said she wanted us there for Christmas dinner. Mother said she wanted them here & that she had asked Uncle Fred out. Suppose no matter where we eat we'll have to go down & see Virginia & her eyes. ^{Xmas morning} I was down at Helen for a while last eve. Virginia always wants in my purse. So I took out a green handkerchief & something else; then later my comb. They gave her my gloves - and at a time that she could not hunt or would hunt her. Still she wasn't satisfied not even with a pearl & paper. So I opened my purse & she sure had a grand & glorious time.

Did mama tell you that Gae was home for about half an hour last Thursday night?

Helen & Roy, Rachel & Floyd were out for a ride. Rachel said lets go see Gae, "where do we turn?" Helen said "right here." I think they were on foothill Blvd then. Gae was on the outside balcony the one that has big flower pots around it.

They cooped for a little while. Then she saw John goby - on Blvd. & Roy said it didn't take her

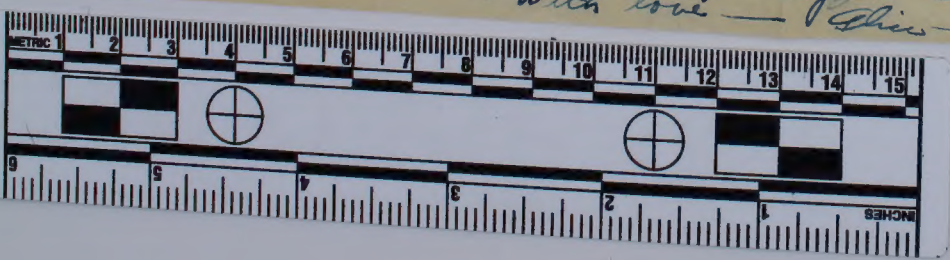

Spent the house across the to some one all day. Helen even brought pretty good. Pick her up. I think which just made me almost sick. Got to be like some children yesterday. Mother is wonderful with some of them. I'm

Very long then to decide. I called up Helen about 7:00 to see if she was going to the Community Chorus ^{Concert} ~~Went~~ Concert at the High School & was coming up after us. It was then she informed us Gae was in this neck of the woods. about 8:00 o'clock they arrived here & John about 1/2 hour later to take Gae back to school. I don't know when she called him up. after G & J had gone Roy & Helen dropped mother & I at the High School about 9:00 o'clock. We heard about 1/2 hour of the concert - & in time for the offering - & then walked home -

The new officers for C. Care - Pres. C. Carl Jostlin
V. Pres. Miriam Shirley
Sec. - Edna Shively
Treas. - H. May - a new kid

Scotty was up for Treasurer & if he had been elected it would have been quite a family affair - I asked Miriam if she thought she could handle the boys - Last time there was only one boy. We got 2 packages today from Cleveland. One was a picture of George - the baby the other a quilt or something on a corner. Was broken open so ma (+ I) peeked. The picture came this a.m. & so we unrolled it. Mother just called Lindstrand & he said we could get auto license. I told her to ask him if he charged anything & she didn't. Well guess that's all the news for now. Haven't heard from Gae since last I saw day into
With love - Gae
